Health Report

New Hampshire State Department of Health

Mr. Vyron D. Lowe, Town Clerk
Jefferson, N. H.

To the Citizens of the Town of Jefferson:

During the year 1961, 358 visits were made in the town. These visits are as follows:

Adults	26	Mumps	1
Adults over 65	1	Neglect	2
Antepartum	21	Pediculosis	11
Cardiac	20	Polio Clinics	2
Clothing	6	Post Partum	2
Crippled Children's Serv.	20	Preschool	115

Eczema	11	Sight Conservation	11
Food	3	School	27
Housing	3	Tuberculosis	1
Infants	35	Venereal Disease	1
Measles	4	Well Child Conference	2
Mental Hygiene	29		

Two Salk Vaccine Clinics were held during the year, and the report follows:

Ages	1st	2nd	3rd	4th	Total
0-1	1				1
1-5	2			13	15
5-19	2		2	4	8
20	5			25	30
Total	10		2	42	54

In June, 15 children were examined at the Well Child Conference, and 10 at the conference held in October.

Two children have attended the Cardiac Clinics in Lancaster; five children attended the Pediatric Clinics in Littleton, and four children attended the Orthopedic Clinics in Berlin. One child underwent surgery at Hanover for loss of hearing, and he is being followed by the Crippled Children's Service.

I sincerely hope that in 1962, by the latest, that some plans can be made on a community basis for

both a preschool and school dental program, as it is a definite health need in the community, and we should all work toward this program.

It has been a pleasure to work with the Citizens of Jefferson, and I would like to thank them all for their cooperation.

Respectfully submitted,
ELEANOR D. KENNEY, R. N.
Public Health Nurse, Dist. 2

Program of the White Mountains Region Association

The White Mountains Region Association as a voluntary non-profit organization, receive support from the communities of the Region, the State and from individual members so that a program of cooperative promotion and development of northern New Hampshire may be carried on.

The Association publishes and distributes six different folders a year advertising the many advantages of the Region. It receives and carefully answers about 6,000 letters per year from people interested in a vacation in the North Country. The value of this single service cannot be over-emphasized. Recent surveys have shown that the tourists attracted by this mailing service have spent many hundreds of thousands of dollars in the Region. The Association sponsors the annual fall foliage tours, and represents the Region at national travel shows.

Through its board of directors, it is able to speak for the Region's needs at state and national hearings and at important meetings within the Region. It maintains a news release service to local newspapers to help inform the citizens of the North Country of worthwhile activities and economic trends.

This winter the Association is running a cooperative ad program with the chambers of commerce in the ski areas to promote skiing in the White Mountains. It cooperates with private promotional groups, local chambers of commerce, and with the state promotional agencies. It promotes the sale of real estate through the mailing of real-estate purchase bulletins to real estate brokers. It conducts labor surveys for groups interested in industrial development, maintains an award program for the 4-H Clubs, and promotes agriculture within the region.

In uninterrupted service since 1938, it has helped establish the White Mountains Region as a vacation center as fine as any in the world and contributed in many other ways to the economic betterment of all forty-six communities in northern New Hampshire.

Superintendent's Report

To the School Board and Citizens of the Jefferson School District:

Foreword

Several legislative acts were passed during the last session of the legislature which should be of interest to the voters of the School District. Some of this legislation has implications that might have a far reaching effect on education in this state. A brief summary of this legislation follows:

The Interim Commission on Education is in the process of making an extensive study of school district organization, per capita tax, services of Supervisory Unions, cooperative school district incentive aid, school attendance, and other related educational areas. This study will probably be a basis for future legislative acts in regard to education in the state. As this committee has just begun its task your Superintendent would like to encourage all the voters to be conscious of developments in this area. From time to time press releases will be available on this study. Mrs. Douglas Horton from Randolph is serving as a member of this Commission.

Educational television received an appropriation of \$25,000.00 (for each year of the biennium) for operating expenses. The sum of \$15,000.00 was made available on a matching basis with the local districts for additional operating expenses. In certain areas of the curriculum this will enhance learning to a substantial degree. At the present time we are facing poor reception but this problem will be reduced or eliminated.

An act encouraging the education of intellectually retarded pupils at the local level was enacted. This Act provides that "School districts may establish classes as approved by the state board or may pay tuition to such an approved class maintained by another school district or by a private organization. The state shall pay to a school district a portion of the cost of education of each child in an approved class at the rate of one-half the state average cost per pupil for elementary schools. School districts maintaining special classes approved for the education of

these children may charge tuition at a rate higher than the limit in RSA 193:34, provided the rate is approved by the state board. Appropriation—\$50,000 for fiscal year ending June 30, 1962 and \$75,000 for fiscal year ending June 30, 1963". Several districts within the state previous to this legislation have exercised leadership in this educational area.

Budget and Warrant

The proposed budget for 1962-63 is \$61,741.52 as compared with a current budget of \$56,396.05. The Lancaster tuition rate will be \$15.00 more next year. This higher rate and additional students going to high school forced out tuition budget item from \$14,400.00 this year up to \$18,000.00 for next year. Your School Board and I have no control over tuition costs.

Teachers' salaries accounted for the other major budget increase. Even though we have granted increases for teachers other Districts are matching our amounts and in many instances their increments are more substantial than ours. Jefferson is still maintaining its relative salary position as compared with other New Hampshire districts.

One special article appears on the Warrant. Your School Board and I feel that the pupils in Jefferson should receive extensive training in one of the cultural curriculum areas. Music is the area selected for this purpose. Under our proposed music program we would have a teacher come to Jefferson from either Lancaster or Gorham and conduct music classes for all grades. No band work would be offered the first year.

We anticipate that the cost of the program would be \$550.00. Most of this amount would be used for the teacher's salary with the remainder used for special music supplies.

The School Board is recommending that the salary of the School Treasurer be raised from \$100.00 to \$150.00. This increase is justified because of the amount of work required to perform this office.

Buildings and Equipment

Educational television has been brought into the school. Although experiencing reception difficulties it has improved our curriculum. Eventually our reception should be much better.

The School Board plans to have the septic tank cleaned each fall. This will eliminate a health hazard and provides the school with improved drainage.

Our building is being kept in good general repair. Routine and systematic maintenance is carried out throughout the year. Good preventative maintenance saves the District money over the years.

Enrollment and Attendance

Our enrollment is now 118 in the elementary school. In addition, we have 39 in high school. Eventually, a higher enrollment at the grade level will result in added tuition expense.

Our tardiness record was very poor last year. We increased from 17 to 67. It is significant to point out that two or three pupils account for a substantial part of the tardiness.

An enrollment comparison for 1960-61 and 1961-62 is shown below:

Comparative Enrollments

School Lunch Program

Nearly every day the Jefferson School Lunch Program feeds 100% of the student body. There are very few Programs that can match this participation. I strongly believe that the quality of the meals has a direct relationship to the number of pupils eating on the Program.

Conclusion

As this report is being made for the year 1960-61 most of the details happened during the time of my predecessor, Mr. Gordon R. Tate. During his tenure as your Superintendent, Mr. Tate, ably served Union 20 in an efficient manner.

With the educational trust that your School Board has given to me I will endeavor to serve you to the best of my ability. To many voters, pupils, and district employees I owe many thanks in making the change in Superintendents an easier task.

Respectfully submitted,

LEON J. LAKIN
Superintendent of Schools
